Project No. WCP _____

5. One (1) set of plans bearing the signature and seal of a New Jersey licensed Professional Engineer prepared as outlined at N.J.A.C. 7:10-11.5(i) and USGS quarter quadrangle location map.
6. Total estimated cost of construction of the proposed water system (where applicable include engineering and legal fees, land acquisition, and the estimated cost of all water related infrastructures); and Construction only of the proposed water system infrastructure pursuant to N.J.A.C. 7:10-11.5(d)9.
7. Permit application review fee to be calculated as per N.J.A.C. 7:10-15.3.
Note: The fees are different if a project activity is in a designated Smart Growth area and an expedited review is requested.
8. A GIS map identifying existing and proposed water system sources, treatment, distribution and distribution facilities and the water service area as outlined at NJAC 7:10-11.5(c)6.
9. For all applications that will include a new demand on the water system, a firm source capacity and allocation analysis must be submitted.
Note: If the firm source capacity and water allocation analysis cannot demonstrate that the water system has the ability to serve the proposed project, the Drinking Water Program cannot issue a Safe Drinking Water permit. The permit application will be returned to the applicant.

Note (3): For Permit applications for a **Simplified Water Main Extension Certification** only require a completed **Standard Application Form**, a **Simplified Water Main Extension Certification Form**, **an overall plan** showing proposed and existing water mains, **Construction Cost Estimate** (water mains only), a **Firm Capacity and Water Allocation Analysis**, and the **\$250 permit application review fee** as per N.J.A.C. 7:10-15.3(d)2.

Note (4): A technical manual has been prepared, pursuant to N.J.S.A. 13:1D-111 through 13:1D-113, which contains guidelines for permit applications for obtaining public water works facilities' approval. A copy of the technical manual may be obtained through NJDEP Maps and Publications Sales, P.O. Box 438, Trenton, NJ 08625 or from the Department's web site.

THE APPLICANT SHOULD BE AWARE OF THE FILING REQUIREMENT PERSUENT TO N.J.S.A. FOR A MINOR SUBDIVISION PLAT OR DEED.

40:55D-47

MUNICIPALITIES GENERALLY

administrative officer, or within such further time as may be consented to by the applicant. Failure of the planning board to act within the period prescribed shall constitute minor subdivision approval and a certificate of the administrative officer as to the failure of the planning board to act shall be issued on request of the applicant; and it shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the county recording officer for purposes of filing subdivision plats.

Whenever review or approval of the application by the county planning board is required by section 5 of P.L.1968, c. 285 (C. 40:27-6.3), the municipal planning board shall condition any approval that it grants upon timely receipt of a favorable report on the application by the county planning board or approval by the county planning board by its failure to report thereon within the required time period.

Approval of a minor subdivision shall expire 190 days from the date of municipal approval unless within such period a plat in conformity with such approval and the provisions of the "Map Filing Law," P.L.1960, c. 141 (C. 46:23-9.9 et seq.), or a deed clearly describing the approved minor subdivision is filed by the developer with the county recording officer, the municipal engineer and the municipal tax assessor. Any such plat or deed accepted for such filing shall have been signed by the chairman and secretary of the planning board. In reviewing the application for development for a proposed minor subdivision the planning board may be permitted by ordinance to accept a plat not in conformity with the "Map Filing Act," P.L.1960, c. 141 (C. 46:23-9.9 et seq.); provided that if the developer chooses to file the minor subdivision as provided herein by plat rather than deed such plat shall conform with the provisions of said act.

The zoning requirements and general terms and conditions, whether conditional or otherwise, upon which minor subdivision approval was granted, shall not be changed for a period of 2 years after the date of minor subdivision approval; provided that the approved minor subdivision shall have been duly recorded as provided in this section.
